

Full-time, tenure-track. Fall 2017.

The Mathematics Department of Westmont College in Santa Barbara, CA, invites applications and nominations for a tenure-track position in mathematics at the rank of assistant professor, effective fall 2017. Applicants should have a Ph.D. in mathematics or a mathematical science. We are seeking an applied mathematician or a statistician but exceptional candidates in other areas will be considered. Applicants should send the following: a letter of application, a CV, names of three references, and a Faculty Employment Application with accompanying Personal Statements (see http://www.westmont.edu/_offices/provost/OpenPositions.html) to Dr. Ray Rosentrater, Department of Mathematics and Computer Science, Westmont College, 955 La Paz Road, Santa Barbara, CA 93108 (or email:rosentr@westmont.edu). Review of applications will begin in October 2016 and will continue until the position is filled.

Westmont is a national liberal arts college in the broad evangelical Protestant tradition. We seek faculty who are committed to undergraduate teaching, to a program of scholarly activity, and to the mission of liberal arts education, all growing out of a vital and informed commitment to the Christian faith. The diversity of Westmont's student body is increasing, with 30% of this year's student body self-identifying as students of color; the department is committed to broadening the participation of students of color and women in mathematics. Thus we seek candidates with knowledge of the unique experiences of these students and an ability to teach and mentor students of diverse backgrounds. Westmont is an EO employer, seeking to be diverse in people and programs consistent with its mission.
